

Zug office

By car (A4)

Take exit Barr and, at the second traffic light, turn right in the direction of Zug/Centre. Then straight ahead. House number 78 is on the left-hand side of the road, directly in front of the church.

Drive to the ramp at the end of the building and ring for Ammann & Partner. Then go to the second basement level. There are two customer parking spaces designated Ammann & Partner immediately on the left; should these be occupied, there are specially marked visitor parking spaces further back.

Public transport

From Zug railway station, you will reach the office building within about 10 minutes' walk. We will be pleased to pick you up at the station by arrangement.
